My relaxed approach to wedding photography stems from the experiences I've amassed photographing hundreds of weddings. Wedding couples and their families alike are free to enjoy the fun and celebrations of the day, because my expertise is on offer from the planning stages right through to the delivery of the 'print ready' high resolution image files.

Commissioning a wedding photographer relies on three key factors: price, product and personality. The packages outlined here have been created to suit a variety of tastes and budgets. However this price list can only briefly outline two of the three key factors. In order to fully appreciate what's on offer couples also need to personally relate to their photographer. If you'd like to meet with me, please phone to make an appointment where you'll have the opportunity to discuss your wedding day plans and view further samples of my work.

Photo Packages

Wedding Essentials: 3 hours

A compact three hour coverage which will ensure the creative documentation of your day's most important aspects. With the *Wedding Essentials* coverage, the photography begins half an hour before the ceremony. Beyond the ceremony the coverage includes the families and newlywed photographs. Importantly the atmosphere of your day is captured with no limit on the number of photographs taken. However, there is a minimum service time of three hours.

This package includes 3 hours of coverage and the subsequent production of the 'print ready' high resolution image files.

- **\$1,650**

(Time can be added for \$396 p/hr. This price represents one hour of photography and three hours of subsequent post-production.)

Classic Coverage: 6 hours

The photography service begins with the groom's and the bride's preparations, and then culminates during the early stages of the reception. On location the bridal party can visit creative locations, where they're encouraged to bring drinks to enjoy during a relaxed photo session.

This package includes 6 hours of coverage and the subsequent production of the 'print ready' high resolution image files.

- **\$2,838**

(Time can be added or subtracted at a rate of \$396 p/hr. This price represents one hour of photography and three hours of subsequent post-production.)

Audiovisual Videos

Presenting the photos as an audiovisual video is an entertaining way to view the story of your wedding day. This HD presentation incorporates a chapter of wedding highlights, along with the entire photography coverage as a full length feature.

- **\$440**

Custom Album Package

In addition to photography coverages, audiovisual videos and the high resolution image files, Imaging Aspects also offers beautifully crafted wedding albums that will showcase your treasured memories for generations to come.

Panorama Album

This designer album includes your choice of photographs bound into a modern 'graphite' covered 17x14 inch album. This luxury panorama album incorporates 24 pages (12 leaves) of custom mounted photographs. The album comfortably allows for up to six prints per page. Additional pages can be added.

For a 24 page custom designed album to be created couples attend an album planning session, where the newlyweds choose their favourite photographs and Imaging Aspects finesses the album design.

- **\$1,100** inc. 24 pages of mounted photographs. (When pages are added at the album planning session, they are added two pages at a time. Two extra pages = \$220 includes: mounts, assembly & prints)

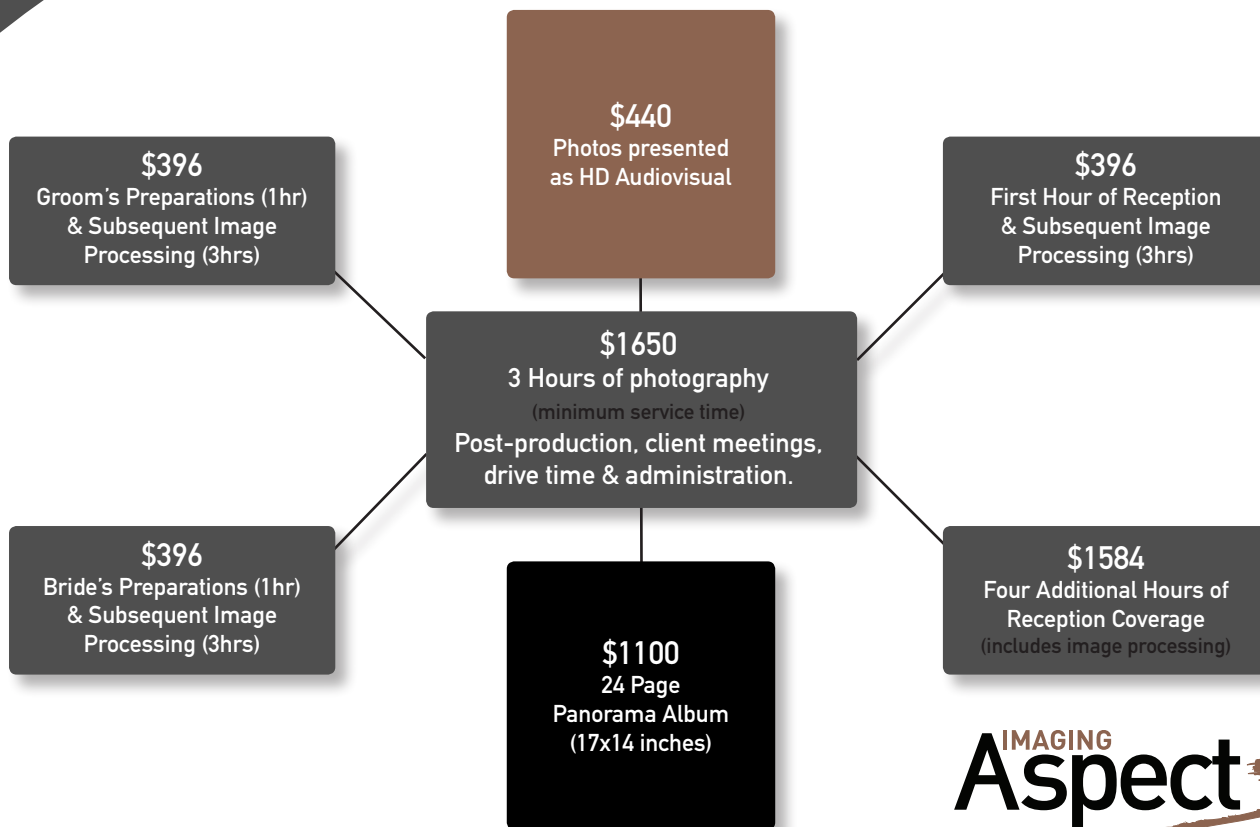

Digital Album Pages are custom designed layouts with a magazine style feel. A digital page is the tiling of multiple images onto an album page without a traditional mat. Due to customized nature of digital layouts they are NOT standard within the custom album package listed above. Custom designed digital layouts are \$220 for one page/side.

- Four extra hours of reception coverage is an additional \$1584 (inclusive of subsequent image processing).
- Travel outside of the Melbourne metropolitan area is priced from \$110.
- A \$500 deposit is required to secure the date and confirm your wedding package.
- Balance of package is payable prior to your wedding date (10 working days before).
- Copyright of the photographs remains with the client (Although the photographer reserves the right to use your images in his portfolio for private viewing).

Create Your Own Wedding Package
